Are you interviewing for a new job? Have you posted things you regret to social media? Does your profile disclose more than it should?

Your contributions on social media can have unintended consequences.

The Office of the Information Commissioner (OIC) invites you to join a free workshop facilitated by CryptoAustralia.

This practical hands-on workshop will walk you through cleaning up your undesirable Facebook photos, deleting sensitive material in your Gmail account and removing past tweets.

The 90 minute workshop will also focus on the importance of privacy in the data age, information that various social media platforms harvest and techniques on minimising your personal data footprint - all you need to bring is your own charged laptop.

Date: 16 May 2018

Time: 9:30am, 11:30am and 1:30pm

Location: Brisbane Square Library, 266 George Street Brisbane City, 4000

Cost: Free

What to bring? A fully charged laptop computer.

RSVP: <https://digital-self-defence.eventbrite.com.au>
